Tours to California. California has been most fittingly termed the "Land of Opportunity." All the delights of the sun, the sea, and the rich verdure of the great European peninsula are duplicated in this sunny land of the Pacific. Here nature looks in the mirror of her own beauty and here she has established her own headquarters, where eternal spring seems everlasting youth. With the snow-mantled peaks of the Sierras upon the one hand, the calm Pacific with its broad expanse upon the other, and a veritable paradise of flowers, fruits and plants between, you can find and needs no lovelier land. To visit such a country is a privilege, a blessing.

The Pennsylvania Railroad Company, recognizing the need of a more comfortable and pleasant way of crossing the continent, inaugurated a series of annual tours to California, running through trains of Pullman palace cars from New York to the Pacific Coast, and stopping at the principal points of interest en route. The great popularity of these tours demonstrates the wisdom of the movement.

For the season of 1907 three tours have been arranged to leave New York, Philadelphia, and Pittsburgh, January 27, February 24, and March 27.

The first tour will run direct to San Diego via St. Louis and the Santa Fe Route, and return from San Francisco via Salt Lake City, Denver, and Chicago, allowing five weeks in California.

The second tour will run via the Mammoth Cave and New Orleans to San Diego, stopping at the "Famous City" during the Mardi Gras Carnival. This tour will return via Salt Lake City, Denver, Omaha, and Chicago, allowing four weeks in California.

The third tour will run via Chicago, Denver, and Salt Lake City, allowing passengers to return by regular trains via different routes within this month.

All of these tours, either going or returning, will pass through the famous Colorado region, Glenwood Springs, Leadville and the Garden of the Gods.

Rates from all points on the Pennsylvania Railroad System east of Pittsburgh: First tour, \$10; second tour, \$50; third tour, \$20 round trip, and \$100 one way.

For detailed itineraries and other information, apply at ticket agencies, special booking offices, or address General W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

The old way of delivering messages by post-bags combined with the modern telephone, illustrates the old-fashioned methods of "break-olde" compared with their almost instantaneous cure by One Minute Cough Cure, C. H. Hazenbuch.

Tours to Florida. No district in America presents, during the winter season, so many varied attractions as the State of Florida. Besides its delightful climate, which is one escaping from the cold and unhealthful changes of the North, seems almost ethereal, it is pre-eminently a land of sport and pleasure. Along its sloven hundred miles of salt-water coast and in its twenty hundred fresh-water lakes are fish of almost every conceivable variety, from the migratory tribes common to Northern waters to the various pompanos and snappers of a more tropical character. Nowhere in all our broad land can the angler find a greater variety of game or better sport.

Here also live the most enthusiastic hunter finds satisfaction. Deer, turkeys, boars, partridges, and wild cats roam at large through the more sparsely settled regions, while birds of all kinds may be found in abundance throughout the State. The more novel sport of alligator and manatee hunting may also be indulged in by the more adventurous tourist.

With its matchless climate, its orange groves, its rivers and lakes, its boating and bathing, its fishing and hunting, and its extensive forests, Florida presents unrivaled attractions for the vacationist, the lover of nature, the sportsman and the explorer.

To this attractive state the Pennsylvania Railroad Company has arranged four personally-conducted tours during the season of 1907, leaving by special train January 20, February 9 and March 8. The first three tours will admit of a sojourn of two weeks in this delightful land, and the fourth will be valid to return until May 31 by regular train.

Rates for the round trip, \$20.00 from New York, \$25.00 from Philadelphia, and proportionate rates from other points.

One of the most remarkable cures of rheumatism on record is related by Mr. J. M. Thompson, postmaster at Decker's Point, Pa., as follows: "While out driving one day last winter I was caught in a cold rain. The next morning I was unable to move my head or arms, owing to an attack of inflammatory rheumatism. My clerk telephoned for a physician, but suggested that I use Chamberlain's Pain Balm, there being a bottle open on the counter. He rubbed the affected parts thoroughly with Pain Balm and built up a hot fire. I dozed off to sleep and when I awoke about half an hour later the pain had gone entirely, and I have not been troubled since. People come here from many miles around to buy Chamberlain's medicine." Wants the World to Know It. H. P. Hoff, of 810 High street, Williamsport, Pa., says: "I can say positively that Thompson's Diphtheria Cure saved my life and also that of my sister. The doctors had given up both of us. Our friends were advised to try Thompson's Diphtheria Cure on us. They did and in two days' time the dreaded disease had disappeared. I can only too glad to have the privilege of letting the world know the wonderful curative powers of this medicine, and wish I could tell every one individually. No medicine like it in the world." POLITICAL TALK. Tuesday evening is the last opportunity for candidates to apply to the Standing Committee.

After that date no names will be placed on the ticket to be voted for in the primaries. Israel Eisenhower is a candidate for School Director in the Second ward, subject to Citizens party rules. Harry Keiper and Marshall Baugh are also candidates.

Senior Quay and Senator-elect Penrose are on their way to Canton, Ohio, to visit President-elect Roosevelt with him on Pennsylvania appointments. George Hafner has announced himself as a candidate for School Director in the Third ward, subject to Citizens party rules.

The contest for Chief Burgess in the Citizens ranks, is becoming interesting. The First and Third wards are in a Democratic combination, for Borough Justice, is apparently withstanding the onslaughts of the opposition.

The voters of Shenandoah will vote upon the question of an increased indebtedness for the school district, to be appropriated for school building improvements. Charles Hoffmann, one of the faithful party workers in the Fifth ward, is a candidate for Council on the Citizens ticket.

It looks as if the Democratic state-makers will experience considerable trouble in fulfilling their promises. The state will likely be broken.

The latest announcement made in connection with the School Board, in the Third ward, is that of John M. Schaeffer, the North Main street saddler, who seeks the nomination on the Citizens ticket. While Mr. Schaeffer has never been a candidate for political office, he has been among the workers a good Director.

There are three candidates for Borough Justice in the Citizens ranks. They are T. T. Williams, Squire C. W. Dengler, and William Shoemaker. The voters are making a decision at the approaching election. There will be no trouble if they are not taken care of.

New Agency. T. T. Williams has removed his general office from No. 123 South Jarrille street, and in addition to his long list of first-class companies has secured the agency of the Hartford Fire Insurance Company of Hartford, Conn. DEAD ON HER WEDDING NIGHT. Tragic End of a Jollification Following the Marriage.

PHILADELPHIA, Jan. 10.—Patrick Donahue and Annie Moss were bride and bridesmaid Thursday afternoon. At 4 o'clock there was a quiet little wedding in St. Patrick's church, Twentieth and Locust streets, after a courtship of two years, and they became husband and wife.

Yesterday the police were notified that Annie was dead, and now Patrick is in prison pending an inquest.

The young woman was found dead in bed at her home at 2119 Darrien street, which had been prepared in advance. Her husband, who had drunk considerably at the wedding jollification, says he watched his wife die, herself, of her wedding dress. He sat in a chair near her and saw her put the dress in a closet. Then he says he fell asleep. Later he awoke, but could not see his wife. He searched for her in the rooms in the upper part of the house, but could not find her. Finally he discovered her lying on the floor at the foot of the stairs.

Her face was black, and there were several discolored spots on the neck, but the husband says she was still alive. Thinking that she had merely sustained slight injuries by a fall down the stairs of the new house, with which she was not acquainted, he picked her up and placed her on the bed in their room. Then he lay down beside her and fell asleep. When he awoke she was dead, and he gave the alarm. The police are inclined to believe his story.

INCREASE THE ARMY IF NECESSARY. WASHINGTON, Jan. 10.—The house committee on military affairs yesterday authorized a favorable report on a bill to enable regiments of the regular army to be filled up and increased in time of war to twice their ordinary strength by the addition of recruits. It also provides that the president may designate a state or states from which a certain regiment shall draw recruits. Such recruits are to be counted as forming a part of the quota called for by the government. The bill, says the report, drawn by Representative Parker is strictly a war measure, intended to provide for emergencies, and effects no scheme of reorganization.

THE NEW PUBLIC BUILDINGS. WASHINGTON, Jan. 10.—Secretary Carlisle has sent a letter to the postmaster general informing him of the probable time a number of public buildings now in course of erection will be completed and ready for occupancy. I., Aug. 31. Those buildings will be completed in 1908: Allegheny, Pa., Oct. 31; Beaver Falls, Pa., July 31; Lynn, Mass., Dec. 31.
